Cell Lines SCA10 Publication

III.6 (unaffected)

IDENTIFICATION

Causal gene(s)	ATXN10
Repeat size or mutation	?/? ATTCT repeats (pure repeat type, unaffected individual)
Cell type	Fibroblast

DONOR INFORMATION

Donor gender	Female
Ethnicity	Mexican
Age at collection (years)	70

SOURCE & PUBLICATIONS

Originating lab / institution	Stanford University School of Medicine
Links to publications or public resources	ATTCT and ATTCC repeat expansions in the ATXN10 gene affect disease penetrance of spinocerebellar ataxia type 10 - PubMed https://pubmed.ncbi.nlm.nih.gov/36092952/
