Cell Lines MSA/OPCA Publication

# MSA-23

## IDENTIFICATION

| | |
|---|---|
| **Research Resource Identifier (RRID)** | CVCL_E3CY, CVCL_E3D3 |
| **Causal gene(s)** | ? |
| **Cell type** | hiPSC |

## DONOR INFORMATION

| | |
|---|---|
| **Donor gender** | Female |
| **Age at collection (years)** | 54 |

## SOURCE & PUBLICATIONS

| | |
|---|---|
| **Originating lab / institution** | Brigham and women's Hospital |
| **Links to publications or public resources** | Rapid iPSC inclusionopathy models shed light on formation, consequence, and molecular subtype of u03b1-synuclein inclusions - PMC<br>https://pmc.ncbi.nlm.nih.gov/articles/PMC11377155/#S16 |
